PRESS RELEASE: Motofix Group win BMW and MINI approval at Yeovil branch

Motofix Group are proud to announce BMW and MINI approval at their Yeovil accident repair facility. With exceptional customer service experiences and repair quality being prerequisites for both BMW and MINI brands, this endorsement is another major win for the Group.

Along with regular manufacturer audits, the Yeovil site will have to adhere to strict Motofix standards and compliance, ensuring rigorous standards are maintained for brand service and quality.

Andy Lawlor, Business Development Director, said *“BMW and MINI is a market leader in advanced vehicle technologies. By securing this approval, we continue to demonstrate our ability to repair vehicles of such premium quality and complexity; maximising value for our clients and ensuring the Motofix customer experience is delivered to its full potential.*
