

TITLE: 20 Years of Motofix Group Apprenticeships

7 February 2020

Happy National Apprentice Week!

Motofix Group this week enjoyed celebrating 20 years of apprentice training within the Group, which was founded in 1999. The National Apprentice Week has been a fantastic opportunity to showcase their success by sharing daily [social media posts](#) recognising current apprentices achievements.

The Groups Executive Chairman, Richard Tutt, strongly believes in the power of apprenticeships to mold a well-rounded and highly skilled workforce. He himself began his career as an apprentice, eventually progressing to run his own business and becoming a key figure in the accident repair sector.

Motofix's wide-ranging apprentice programme offers not only workshop apprenticeships in Panel, Paint and M.E.T, but has additionally offers apprenticeships in Vehicle Damage Assessment, Parts and Customer Service. The Group currently has 30 apprentices completing various training programmes with Thatcham and Babcock and will be offering multi-skilled apprenticeships with its first cohort starting in 2020. In total, Motofix have helped over 80 apprentices qualify since the business was founded.

Apprentices who've been in the social media spotlight this week include Paint Apprentices [Agnieszka Szenfield](#) and [Jay Baseley](#); Panel Apprentices [Rian Howarth](#) and [Ben Jones](#); and M.E.T. Apprentice [Ben Freeth](#). You can find out more about these apprentices on Motofix's [Facebook](#), [Twitter](#) and [Instagram](#) pages.

End

Motofix Accident Repair Centres

Headquartered in Surrey, the Motofix Group is a leading vehicle body repair provider with eight specialist service delivery centres in the South and Southwest of England. Employing a skilled workforce of more than 250 people, the Group repairs over 18,000 vehicles annually and holds corporate compliance and service reputation as core brand values. Motofix is endorsed by 24 vehicle manufacturers, including some of the world's leading brands. All sites hold the prestige BSI Kitemark accreditation and selected sites now offer ADAS and structural aluminum repair capability.
